		Expected outcome	The program is designed to enhance the skills of working journalists and those who aim to build a career in media industry, both academically and professionally. The program aims to provide a wider knowledge, required skills and competence to develop theoretical and practical knowledge that are necessary in the field of mass communication and journalism. This would provide an opportunity for the learner to understand the fundamentals of journalism and mass communication so that the learners' are able to understand the mass media context in today's society, its role as a fourth estate in ensuring the democracy by monitoring the legislation, judiciary and the executive. It also exposes the learners to Indian constitution and press laws in order to know the press freedom and the reasonable restrictions as per our society norms. This course ensures that the professional development takes place along with understanding media's role and responsibility in nation making.

Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Counselling will be given through meetings via ele

Brief describe the provision in LMS to be used by HEI :-

University proposes to utilize Moodle Cloud for Learning Management System (LMS) purpose and Google / Zoom meet for interactions

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :-

Assessment mechanism	Online tests, assignments and other minor project works will be scheduled through Learning Management System (LMS) and evaluated either with automatically or personally depends on the task
Identified technological interface and interoperability	Moodle Cloud

Learner's Authentication Requirements	Learners will be permitted to register using the data available with the admission confirmation. The centre for Online education monitors the learner credential with the help of coordinators and counsellors.
Learner Registration - through a web application	Learners can register with the Unique identification provided to them during admission confirmation process
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	Learning Management System (LMS) will take the details of login of the learners and store the evaluation details and generate a report thereof
Payment Gateway –using Digital Payment system	Yes
Tracking the delivery of a Course or programme	The course coordinators with the help of the course mentors and Learning Management System (LMS) records will track the delivery of the course periodically
Technical Know-how or Skills Requirements	University with the help of learned professors in Computer Science and Engineering department and information Technology department will train the required personals for the skills. University has already automated many of its important administration activities and had a rich experience in offering courses through moods and other online platforms.

Learning Platform

Learning Platform :- Non- SWAYAM

Provide details for sample module/unit :- Moodle Cloud

URL :- murugeswaricsemsu.moodlecloud.com

Student details Login ID :- guest

Student details Password :- guest

Teacher Login Details- Login ID :- teacher

Teacher Login Details- Password :- teacher

Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses :-

University has the following facilities 1. Uninterrupted Internet Connections 2. Digital Library 3. Remote Access for the Library 4. Recording facility for preparing state of the art course delivery materials 5. Faculty members with experience of handling classes alive

Examination Centre
